

UNIL | Université de Lausanne

HEC Lausanne

[HEC Lausanne](#) (the Faculty of Business and Economics of the University of Lausanne) invites applications for a full time position at the level of

Full Professor, Associate Professor, or Tenure track Assistant Professor (with promotion to Associate Professor)

in

Operations Management, with particular focus on Smart Manufacturing and Quantitative Production Management

Starting date: August 1, 2022 or on a mutually agreed date.

Candidates must hold a PhD in Operations Management, Business Analytics, Operations Research or a related discipline. They should have an excellent research and publication record and have teaching experience at university level (Bachelor and Master). Successful candidates will be expected to be able to teach in French and English after six years.

The new professor will be a member of the Department of Operations at HEC Lausanne, which offers an attractive teaching load and an excellent research environment.

Applications must be submitted via HEC's website:

<https://www.unil.ch/hec/jobs>

A job description is available on the webpage of the job posting.

Applications should be submitted online by August 31, 2021 (11:59 pm local time - Switzerland) via the above link (only applications submitted through this link will be considered). Please fill in the electronic application form and upload a curriculum vitae, a cover letter (including a research interest statement), a publication list and samples of scholarly work, as well as the names and addresses of maximum three referees.

Additional information may be obtained from Professor Olivier Gallay, member of the Department of Operations, HEC Lausanne, University of Lausanne, at the following e-mail address: olivier.gallay@unil.ch

Seeking to promote an equitable representation of men and women among its staff, the University encourages applications from women.
